

ENVIRONMENTAL POLICY STATEMENT

Mobile Variable Message Signs Limited are involved in the manufacture, service and installation of portable (trailer mounted) intelligent traffic systems and the supply of road traffic control equipment. Our clients include the Highways Agency, local authority highways departments and highways principal contractors. We have offices based in Newry servicing Northern Ireland and the Republic of Ireland, and in London serving the UK mainland.

Utilising our product range and extensive expertise in the use of mobile variable message signs, mobile traffic sensor trailers, mobile CCTV and speed indication products and JamLogic™ traffic management software, Mobile VMS strive to create the efficient road works environment possible. Efficient roads means less vehicle fuel consumption and engine emissions improving local air quality and reducing the emissions of greenhouse gases which cause climate change.

This environmental policy establishes our commitments to environment protection and to the prevention of pollution, and to take action to:-

- ✓ Limit resource use and reduce waste.
- ✓ Avoid or reduce pollution and loss of habitat.
- ✓ Avoid or reduce direct and indirect effects on the public and local community from our operations and activities.
- ✓ At least comply with our compliance obligations including to legal requirements and the requirements of interested parties
- ✓ Continually improve our performance

To ensure compliance, we shall implement, maintain and continually improve our business environmental management system which is certified to ISO14001:2015. To achieve these requirements we:-

- ✓ Plan our work to reduce environmental impacts and promote sustainability.
- ✓ Provide all employees with the necessary resources, information and training.
- ✓ Create clear and effective lines of communication to interested parties.
- ✓ Take a life cycle approach to the procurement of materials, and stipulate compliance from the suppliers and contractors.
- ✓ Act as a Considerate Contractor.
- ✓ Plan for emergency situations and ensure that if they occur we can control them.
- ✓ Monitor our activities on site to ensure that we are complying with the above policy.

We will set suitable environmental objectives in line with the above policy, and shall monitor them through management review processes.

This Policy Statement shall be displayed in the office, issued to individuals as part of their induction and provided to interested on request.

We will review this policy as part of change planning, lessons learnt, post incident and annually.

Approved on Behalf of Mobile Variable Message Signs Limited,

Simon McAteer, Managing Director, 25 October 2017
